**The Totara Suite fully customisable platform enables enterprise organisations to train their workforce, improve employee performance and satisfy compliance – at unrivalled scale.**

**Fully customisable:** Never be limited by what your platform “allows” you to do again.

**Save time & Money:** Enhance training and performance efficiency organisation-wide.

**Expand your talent ecosystem:** Choose from a limitless network of solutions and plugins.

**Global partner network:** Totara’s partner network builds and deploys everything for you, turning your ideal ecosystem into a reality.

**Totara Learn & Perform complete your full performance and development system.**

 **Learn** +  **Engage**

**Learn:** (LMS & LXP) Your organisations can save time & money, retain staff through training, and improve business outcomes beyond compliance.

 **Perform**

**Perform:** Efficiently manage and deliver training to upskill your staff, improve performance, and boost retention.

 Learn

# Don't let your LMS hold you back.

LMS trusted by global brands to lead the learning experience

## Create a learning culture

Shape engaging courses that bring knowledge building into everyday activities

## Deliver and assess

Powerful workflows and reporting to drive enterprise-wide skills development, audit ready compliance and exceptional team performance

## Integrate easily

Connect Learn to your existing Human Capital Management tools and other business-critical systems

Totara is fully customisable to meet all your knowledge and training needs at scale, in a way that's right for you.
